A vision plan made for you

Vision insurance can help you keep up with your overall health. Routine eye exams can spot vision problems like glaucoma. Exams can also detect signs of health conditions like high blood pressure and diabetes — even before symptoms appear.

Choice, convenience, flexibility

Our network includes both neighborhood eye doctors and your favorite retail chains, which offer weekend and evening hours.

And it's up to you. You can get your exam at one provider and buy eyewear at another. You'll also get:

- Convenient, walk-in, and night and weekend appointment availability
- Live support available seven days a week (our Member Services hours align with our retailer hours)
- Online appointment scheduling
- Discounts beyond your plan benefits

DISCOUNT OFFERS ARE NOT INSURANCE. They are not benefits under your insurance plan. You get access to discounts off the regular charge on products and services offered by third-party vendors and providers. Aetna makes no payment to the third parties — you are responsible for the full cost. Check any insurance plan benefits you have before using these discount offers, as those benefits may give you lower costs than these discounts.

After enrolling, you'll get a welcome packet in the mail. Inside will be your member ID card, insurance plan information and a list of local vision providers.
